

Pivot

What does the ring on the top of the Pivot mean?

The Pivot has an indicator ring on the top, the status of the light can tell you about the state of the camera.

Solid Blue: The Pivot is connected to the camera and the setup is complete.

Blinking Blue: The Pivot is attempting to connect to the WiFi password in the Zmodo app.

Solid Green: The Pivot is booting, you will see a green ring on the top.

Blinking Green: The Pivot is ready and waiting for the camera. This occurs during the setup, and anytime the Pivot is ready to connect to the camera.

Off/Gray: The Pivot is powered off, you will see a gray ring on the top. This indicates the Pivot is not receiving any power.
