## **DVR Systems**

## How long will the DVR's hard drive record before overwriting?

There are several factors that will affect how long video is saved on the hard drive before it is overwritten. It will depend on how many cameras are recording, the frames per second they are recording, and the recording schedule.

Click the picture below to use our DVR storage calcualator to see what size hard drive you need.

	Results:
Days of Storage Required	Number of Cameras Choose ▼
FPS per Camera 30 fps (Default) ▼	Hours per Day  24 (Default) ▼
Days per Week 7 (Default) ▼
