## What do the Lights on the 2nd Generation Mini NVR Indicate?

The Second Generation Mini NVRs have three LED bulbs on the top of the cover of the NVR:

The three lights on the top front of the NVR will illuminate either solid or blinking in three different colors depending on the status of the NVR. The following graph shows which color indicates each status:

NVR Indicator Light		
	Light is On and Solid	Light is On and Blinking
Green	NVR is powering on and initializing.	
Blue	Hard Drive is detected and formatted. Video is currently <b>not</b> recording.	Hard Drive is detected and formatted. Video <b>is</b> currently recording.
Red	HDD is not formatted or is defective	He's dead, Jim.
