# Internet Playback for DVR-H9124, DVR-H9128, and SFN6

Instructions to Playback and Backup Files

These instructions relate to DVR H9124/8 and SFN6 when accessed by a computer

Note: All searches are referenced by the current date and time set on your DVR. If the current date is not correct, do not change it until you have found the files you are seeking. The current date will be displayed on the Live video display.

Once logged into the DVR, click on Playback located on the menu bar above the camera view.

open as shown below.

E PLAYBACK							×

To backup a file, just select it from the list and click backup.

To find or select the backup location, first click on the Setup icon on the menu bar above the camera view.

open. Then click on Setting to display the dialog box below.

A new dialog box will

<b>(</b>	SETUP		_			
	ECORD	INTERNET	256K 🔻			
	PTZ TWORK	FILE SAVE PATH	C:\DVR\			
SE	TTING	DEVICE ID DVR PASSWORD	000000			
	VANCED	USER PASSWORD	OFF 🔻	RE-ENTER		
	INFO	ADMIN PASSWORD		RE-ENTER		
		IE PASSWORD	OFF 🔻			
		USER PASSWORD		RE-ENTER		
		ADMIN PASSWORD		RE-ENTER		
				DEFAULT	APPLY	

Browse to a location to save the file by clicking on the box next to the File Save Path.

You could also use the default location which is listed here as C:\DVR\

To view your files using a standard media player, you will need to convert the file from the .264 format to .avi format.

1. Click on the H.264 to AVI button

		X	15 22 29	16 23 30	17 24 31	18 25 1	19 26 2	20
